

# Cranberry Fast Resolution

The Natural Program for well-being of the urinary tract which is effective in the both types of Escherichia Coli (TYPE 1 and TYPE P), which are responsible for 80% of inflammations of the urinary tract. The amount of proanthocyanidins is guaranteed by BL DMAC method analysis.

The white daytime tablet is based on D-Mannose and Magnesium Carbonate. The violet nighttime tablet is based on Cranberry and Vitamin C.

Cranberry is beneficial for physiological drainage of body fluids and urinary tract functionality.

## DOSAGE

Take one violet nighttime tablet in the evening before going to bed preferably after having gone to the toilet, and one white daytime tablet in the morning preferably after having gone to the toilet. Do not exceed the recommended daily dose.
