The product creates a protective barrier on the vaginal mucosa which gives immediate relief with deep soothing and lubricating actions. The product contributes to the preservation and stabilization of the physiological pH and promoting the wealth of the vaginal mucosa. This product contains **VEGETIALIO®** (Hyaluronic acid of vegetable origin) obtained through a patented fermentation process starting from a lactic acid bacterium on a vegetable substrate. Thanks to its high capacity of hydration keeps elastic tissue and promotes cell renewal and rejuvenation. Many disorders (such as itching, pain, intimate burning) may result from excessive dryness of the epithelia/tissues and therefore may be corrected by the local contribution of hyaluronic acid in the form of gel.

IT IS OGM FREE AND IT DOESN'T CONTAIN LATEX TRACES

**FREE FROM
COLORANT, PARFUME, PARABENS,
PHENOXYETHANOL, LS, SLES, PEG
IT DOESN'T STAIN THE CLOTHES**

DOSAGE

Recommended one application per day for 6 days, changing applicator every time. Treatment can be prolonged according to the needs and / or advice of the pharmacist.
